Peabody Acad. Science Aur Och 23. Dr. Geo Eugelmann. My dear Prid'recevred your note concerning the Boxford Oak just as I was arranging the specimens which I had collected in Essex County the précent season for your examination. You will are by the memore on The ranions specimens what there may be peuleur about each one. The Boxford Oak (cast.-frie.) was as you will see by the label, cut down by my priend who was ni search of a tree of castanea for
